DESCRIPTION

This course is a re-shaped version of previous Master CEPIL, and is a 2 year program entirely taught in English.

Semesters 1 and 2 aim at giving students a thorough knowledge of the private and public aspects of international and European legal issues.

The programme offers a comparative perspective, focuses on methodology with a view to providing the students with the tools needed to hold positions as lawyers in an international and European context.

Semester 3 and 4 aim at giving students a high level of proficiency in Private International Law with a focus on International Mobility. This program is a Double degree established by the 2011 convention signed between the Toulouse Capitole University and the University of Dundee in Scotland. Students will thus obtain both a French Master's diploma and the LLM (Latin Legum Magister) under two cumulative conditions: the validation of semester 3 in Toulouse and the semester 4 in Dundee or UT Capitole.

This type of programme is a rare opportunity in France providing the cross competences, reflexes, methodology and knowledge that are necessary to the internationalisation and europeanisation of private law cases and regulations. The LLM is a globally recognised degree, particularly in English-speaking countries.

SKILLS AND TARGETED OCCUPATIONS**SKILLS:**

The teachings during the entire Program pave the way to European and international careers, or employment requiring to manage different situations connected with international and European law. Students are encouraged to develop initiatives in order to bring out skills in organisation, communication and exchanges, which are essential for any legal practitioner who works in a team, with potential partners from all around the world, international organisations, firms or universities. The exchange during the second semester is a chance for developing the abilities of adaptation and communication in an international context.

CAREERS:

Professional opportunities are:

- Lawyer practise – National or international private litigation
- Legal departments in French or foreign private, public or public-private companies.
- Domestic or International/European Civil service
- NGOs.
- Assistance and expert assessment for international institutions or national institutions
- Academic career in France or abroad.
