The EU Careers Students Ambassadors programme plays an important role in targeting talented young people on campus and making them aware of the vast variety of job opportunities in the EU Institutions. This programme has been running for the past 9 years over which time it has grown from strength to strength.

They have organised and participated in many different events and career fairs, as well as promoted EU Careers through dedicated Facebook and Instagram pages. We highly appreciate their efforts and are looking forward to continuing with this programme in 2019/2020.
